## Five Things Stranger Things Gets Right About Today's Girls

In the many years since *Stranger Things* premiered on Netflix, fans have watched the kids from Hawkins grow from children to fully-fledged young adults. And while Vecna, the Mind Flayer, and other monsters on the series are thankfully just products of the Duffer Brothers' imagination, the girls on the show seem so real. Here are five amazing truths the show teaches us not just about girls in the 1980s, but about today's girls too.

**Friendships aren't just for fun.**  
**Even the strongest girls need to recharge.**  
**There's more going on than meets the eye.**  
**They're not all boy crazy.**  
**Never underestimate them.**
