

Meadowbrook Site Orientation

239 Meadowbrook Road, Queensbury, NY 12804
rentals@girlscoutsneny.org | www.girlscoutsneny.org

Camp Meadowbrook is located on nearly 14 acres in Queensbury and has many unique features including a splash pad, a double treehouse, a nature trail, fun and fitness trail, and a ceremonial area great for bridging ceremonies. Additionally, there's a beautiful brook, playfield, and three lodges with indoor plumbing.

Important Information

***Please Read our Rental Policies in Full Here:** [Property Rentals](#)

Lodges:

Heidi's Friendship Lodge, Winter and Nature Lodges have dishes, pots, and pans, coffee maker, microwave, and mattresses; pails, brooms, mops, etc. are also provided. Each lodge also has a TV and DVD player.

Mattresses are available in all lodges; they are not waterproof and should be used only in buildings, for sleeping.

Buildings-Year long

Heidi's Friendship Lodge:

Sleeps 45, Friendship Lodge is a wonderful lodge for meetings, programs, and overnights. The spacious lodge offers a full kitchen, two full restrooms with showers, a fireplace and two separate meeting rooms (one carpeted), a coffee maker, and tables and chairs. As with any kitchen stove, gas or electric, please keep all children away from hot surfaces.

Buildings-Seasonal

Closed Mid-October –Mid-May

Nature Lodge:

Sleeps 16, Nature Lodge is similar to Winter Lodge, including a newer screened-in porch that mirrors the Winter Lodge. There is a limited amount of cookware, but plates, silverware are in abundance. There are two stoves in place and two sinks. As with any kitchen stove, gas or electric, please keep all children away from hot surfaces.

Winter Lodge:

Sleeps 16, Winter Lodge is a great program and sleeping space with one main room that includes a full kitchen. There are also flush toilets and a screened-in porch with picnic tables for bug-free summer projects or meetings, a coffee maker, and tables and chairs. As with any kitchen stove, gas or electric, please keep all children away from hot surfaces.

Other Areas of Camp

Bridge:

Camp Meadowbrook is home to a gorgeous bridge where troops can hold their bridging ceremonies, and where many beautiful senior pictures or wedding pictures can be taken.

Playfield:

There is a large play area, great for large activities, and has a fire pit with picnic tables and benches for seating.

Splashpad:

The Splash Pad – a water play area with overhead water pipes and water pails. Renters may request the use of the Splash Pad for an additional fee. Girls are recommended to wear water shoes when in the Splash Pad. Adults must closely supervise all activities at the Splash Pad when their group is engaged there. Adults must first inspect the area in and around the Splash Pad for garbage, sharp objects, and other safety hazards each time before use. As there is no standing water, no swim test is required. Campers should not run in the Splash Pad area.

**Treehouse:**

The treehouse is a wooden structure where campers can climb and play. Groups may eat their lunch, or just relax and play, in the treehouse. Proper precautions are taken when climbing. Make sure the slide is clear before the next person goes down the slide.

Evacuating Units/Lodges

If you discover a fire (or hear a siren from another unit), SOUND YOUR FIRE ALARM (if you have one nearby) and:

1. Quickly and quietly assemble campers, count them, and proceed to the pre-arranged meeting place. One adult should lead. Use the buddy system.

At Camp Meadowbrook have campers meet at the flagpole.

2. Stay on established roads and trails. Remember to keep campers out of the way of emergency vehicles.
3. One adult should stay behind to be sure all campers are out of tents/lean-tos, latrines, and doors are closed from a lodge, etc. That adult “brings up the rear” as the group exits camp.
4. Once campers are assembled outside of camp, count heads again. Send one adult from your meeting place to report any missing campers to the firefighters, rangers, or camp director. (Know who they are so the searchers will know for whom to look).
5. The first adult out should call the fire department.

Do Not return to the camp until the okay is given by the firefighters (or person in charge of the drill). When you return, shut off the fire alarm if it is still sounding.
